DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2015-1098]

Drawbridge Operation Regulation; Three Mile Slough, Rio Vista,  
CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

---

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Highway 160 drawbridge across Three Mile Slough, mile 0.1, at Rio Vista, CA. The deviation is necessary to allow the bridge owner to make necessary bridge maintenance repairs. This deviation allows the bridge to be secured in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 12:01 a.m. on January 5, 2016 to 11:59 p.m. on April 10, 2016.

ADDRESSES: The docket for this deviation, [USCG-2015-1098], is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on

this temporary deviation, call or e-mail David H. Sulouff, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510-437-3516, e-mail David.H.Sulouff@uscg.mil.

SUPPLEMENTARY INFORMATION: The California Department of Transportation has requested a temporary change to the operation of the Highway 160 drawbridge, mile 0.1, over Three Mile Slough, at Rio Vista, CA. The drawbridge navigation span provides 12 feet vertical clearance above Mean High Water in the closed-to-navigation position. In accordance with 33 CFR 117.5, the draw opens on signal. Navigation on the waterway is commercial, search and rescue, law enforcement, and recreational.

The drawbridge will be secured in the closed-to-navigation position from 12:01 a.m. on January 5, 2016 to 11:59 p.m. on April 10, 2016, to allow the bridge owner to perform sand blasting and painting rehabilitation. A containment scaffolding system will be installed below low steel of the entire length of the bridge structure, reducing vertical clearance for navigation by not more than 4 feet, and will be lighted at night with red lights. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at any time. The bridge will not be able

to open for emergencies. The confluence of the San Joaquin and Sacramento rivers can be used as an alternate route for vessels unable to pass through the bridge in the closed position. The Coast Guard will also inform waterway users through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: December 15, 2015.

D.H. Sulouff,  
District Bridge Chief,  
Eleventh Coast Guard District.
